## NETWORK MANAGEMENT POLICIES

June 4, 2018

Northern Communications (Northern) will manage its network and provide Internet access in accordance with the Federal Communications Commission's (FCC's) Open Internet Rules (see: 47 CFR § 8) and in compliance with any future Internet policies or rules adopted by the FCC.

To ensure open access to the Internet, Northern will not unjustly or unreasonably:

- Block, interfere with or degrade an end user's ability to access, use, send, post, receive, or offer lawful content (including fair use), applications, or services of the user's choice;
- Block, interfere with or degrade an end user's ability to connect and use the end user's choice of legal devices that do not harm the network;
- Prevent or interfere with competition among network, application, service or content providers;
- Engage in discrimination against any lawful Internet content, application, service or service provider with respect to network management practices, network performance characteristics, or commercial terms and conditions;
- Give preference to affiliated content, applications, or services with respect to network management practices, network performance characteristics, or commercial terms and conditions;
- Charge a content, application, or service provider for access to the Company's broadband Internet access service end users based on differing levels of quality of service or prioritized delivery of Internet protocol packets; or,
- Prioritize among or between content, applications, and services or among or between different types of content, applications, and services unless the end user requests to have such prioritization.

Northern's Internet Access Prices:\*

Internet speeds up to 10 mbps**	\$50
Internet speeds up to 25 mbps**	\$75
Internet speeds up to 50 mbps**	\$100

\* Includes Cat 5 wiring to one computer location and basic setup.

\*\* Download speeds are not guaranteed.

Please contact Northern @ (406) 937-9661 if you are interested in a speed not listed above.

All packages come with modem rental, 24x7 toll free customer support, 1 email account, and installation assistance at no additional cost.

All of Northern's policies are subject to the needs of law enforcement and reasonable network management. Northern may employ generally accepted technical measures to provide acceptable service levels to all customers, such as caching (including content delivery networks) and application-neutral bandwidth allocation, as well as measures to address spam, denial of service attacks, illegal content, and other harmful activities.
